

Impact Report 2023

What we do

This charity came from over a decade of supporting young people within Falkirk, who are looked after away from home and supported in a residential house named Tremanna in Slammanan. Tremanna looks after 5 young people, they also support and continue to have ongoing nurturing relationships with all young people who have transitioned and moved on from Tremanna's care home.

Friends of Tremanna aim to raise funds to help all young people who live in or have lived in Tremanna to enjoy ongoing family connections with them. We now support 18 young people and their 9 children. Through creating opportunities to bring young people back to Tremanna, whether this be on holiday or special occasions, supporting young people through education and employment or simply to get a weekly shop, our aim is to take the "corporate" out of parent and do what we do for our own children when they leave home.

young people and 9 of their children supported in 2023

£15,301

spent supporting our young people since 2018

4

young people supported into college courses in 2022-23

Making life easier

We've supported our young people through the cost-of-living crisis, helping with energy top-ups, food shopping. We've also helped them reduce costs with slow cookers and air fryers.

Family celebrations

We've celebrated birthdays, the birth of three new babies, and given personalised Christmas presents to all our young people. We were also able to help them with food over Christmas so they could enjoy the day with their families.

Having fun

We help our young people and their children have fun through activities like going to the cinema, the zoo or concerts. We've also supported them to go on trips, camping or to take up new activities like fishing.
